I would like to set up

Expense involved in event promotion cancellation becomes very costly- In order for us to maintain without continuing loss due to vendor non registration,, *and to support us keeping our participation cost low, to you, it is important that we pre-list and receive confirmed registration 30 days prior to event*

Our interest is to provide quality events for both performances, entertainment, and to provide vendors a great opportunity to sell their products, crafts, food or any wide range of products and services which many vendors make their living selling. It a great way for any individual to create ways to earn by becoming a vendors at our marketplace events We can only be successful joining together to support each other.

It is an unfortunate reality, but no event maintain can continue loss, when vendors tell us they want to participate and express how great they feel the opportunity is, but they don't support it with confirmed and paid registration.  
**Please complete the Pre-list form - and please follow up and Register Early with paid confirmation.**

**We will contact you upon Receipt of your Pre-List Form**

With your participation - We will continue to bring you many exciting opportunities to share your products, services, crafts, skills, artistic creations and talents - Making great events with many benefits of opportunity  
 With you being a participating partner
